Bob Kirch moved to approve the meeting minutes for the March 30, 2021 meeting as read. Norm Moss second. Minutes approved. Motion carried.

2021 Spray Season Update: Dana Weatherford gave a brief report of the summer spray season. The map displayed in the Weed District office was completed except from some BLM and DNRC properties due to the dry conditions. Dana informed the board that she is still actively spraying on Montana Rail link right-of-way. She gave rough estimates of expected revenues from contracts thus far; however, she will have that in concrete numbers when billing is completed at the end of the season.

Coordinator Report: Dana Weatherford provided an up-to-date budget report to the Board. Dana noted that the pay matrix will be up for discussion next year (2022) and would like to see more compensation toward the current staff who are repeat summer employees. Norm requested their current wages. In addition, the Board will weigh in on the pay matrix discussion when the BOCC has that discussion. Allen Nordahl asked for an update about the new building set-up at the Road and Bridge facility for the Weed District. Dana stated it was still in the current plans and had not heard anything regarding estimated costs for the Weed District contributions for remodels. When information is available from the engineers, she will notify the Board. Until then, the Weed District still houses equipment at R & G Storage in Columbus.
